INTERNATIONAL STUDENT PROGRAM REVIEW AND APPROVAL

This process is intended for international student programs (involving J-1 and/or F-1 visa students) that do not have access to listing by the Council on Standards for International Educational Travel (CSIET) or for which CSIET listing is deemed not appropriate within the sole discretion of the Michigan High School Athletic Association (MHSAA). **The MHSAA's process is not a substitute or second chance for programs that could apply but do not or that do apply but are not approved through the CSIET process.**

Because of recent procedural changes involving CSIET, the MHSAA, within its sole discretion, may, **for the 2023-24 school year only** be flexible in its application of the principle that it will not consider school-operated programs that could have been considered through CSIET's process.

General Principles

Within the MHSAA's discretion:

- An international student program will not receive MHSAA approval if that program sought approval from the Council on Standards for International Educational Travel (CSIET) that was not granted for the school year in question.
- An international student program will not receive MHSAA approval if it results in an international student population in grades 9-12 that exceeds one percent of the total school population in those grades, or five students, whichever is greater, in any one school. Exceptions to this policy may be considered where the school involved agrees to apply the limit to the number of varsity-level participants on interscholastic sports teams.
- It is within the MHSAA's sole discretion to **NOT** approve an international student program whose history includes "direct placements" or changes in host family placements and/or school assignments or more than five students placed in the same school or participating in the same cooperative program.
- An international student program will be disqualified from the MHSAA approval process for up to four academic years following the discovery that any students were recruited, selected, or placed by criteria that included athletic participation, ability or potential, or if the MHSAA otherwise determines that a violation of its "undue influence" rule has occurred.

MHSAA approval of a program strives to promote but does not ensure that the personnel administering the program are adequately trained and supervised. MHSAA approval also does not attest that each host family or living arrangement has been vetted, or that all individuals in the host household over 18 have had a background check, or that there are monthly contacts between coordinators of the program and the students. These are all best practices to be performed by the programs, and if the MHSAA concludes, within its discretion, that these practices are not present, the program's approval will not be renewed for the following academic year. Otherwise, MHSAA approval is for two academic years. (*Note: Should requirements or policies and procedures of CSIET or the US Department of State or Homeland Security change during the MHSAA's two-year approval period, it is within the MHSAA's discretion to modify, suspend or revoke the program's approval.*)

Fees

The MHSAA reserves the right to assess programs with a processing fee at least equal to that charged by the Council on Standards for International Educational Travel (CSIET) in order to assure that the MHSAA's process remains complementary to that of CSIET and is not sought out by international students' programs and schools to replace CSIET's process.

APPROVED INTERNATIONAL STUDENT PROGRAM (AISP)
SUMMARY OF REQUIREMENTS

Athletic eligibility or participation is not guaranteed to any student at any school through any program.

An organization that conducts an international educational program may request MHSAA approval for its program if:

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. The program is designed to fulfill educational purposes related to an international experience. | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. The organization has clearly established goals and learning objectives to fulfill the educational purposes of its program. | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. The organization complies with all the appropriate government regulations regarding international student programs, including, but not limited to, that (a) F-1 visa students may <u>not</u> exceed one year of enrollment at all public schools in the United States and (b) each public school is fully reimbursed for the cost of educating any and all F-1 visa students it enrolls. <i>(The MHSAA may require proof that the full, unsubsidized cost of education has been reimbursed at public schools and may also require the identity of sources and amounts of payments made on behalf of any student at public and nonpublic schools.)</i> | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Complete transcripts in English are provided for all participants in the program. | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. All participants in the program pursue a full-time course of study at a member high school. | <input type="checkbox"/> | <input type="checkbox"/> |
| 6. All participants in the program are secondary school students in their home country who (a) have not completed more than 11 years of primary and secondary study and (b) are at least 15 years of age (but do not turn 19 prior to September 1 of any school year in which they would be enrolled). | <input type="checkbox"/> | <input type="checkbox"/> |
| 7. The school's SEVIS procedures relative to F-1 visa students are complete and accurate, and appropriate dates are being observed to include accurate birthdates for all participants. | <input type="checkbox"/> | <input type="checkbox"/> |
| 8. Parents of current or recent students in a school or persons who are associated directly or indirectly with that school or other persons with an athletic history or interest have no input into the selection or placement of specific incoming international students to that school. Representatives of the agency, District admissions officers, and local school guidance/counseling staff who, in either case, has no coaching or other athletic connection to any particular school's or non-school organization's athletic program may be involved in the recruitment and processing of students provided neither athletic participation, performance nor potential is a factor in the recruitment, selection, admission, and placement with host families. | <input type="checkbox"/> | <input type="checkbox"/> |
| 9. No host family member has any input into the selection of any students to their family before the approved program for the school has selected them. Exceptions to this prohibition may be considered in the case of a family hosting the sibling of an international student who was placed with that host family during a previous school year, provided neither athletic participation, performance, nor potential is a factor in the recruitment, selection, and admission. | <input type="checkbox"/> | <input type="checkbox"/> |
| 10. The program completes the MHSAA approval form by Aug. 1, preceding the first academic year for which approval is requested. <i>(The MHSAA Executive Committee acts on international student programs at its April, May, June, and August meetings each year.)</i> | <input type="checkbox"/> | <input type="checkbox"/> |

For any question marked "NO." use Page 4 for a written explanation.

Approved International Student
Program Application Form
GENERAL PROGRAM INFORMATION

Please provide the following general information about your program.

Program: _____

- | | |
|--|---|
| 1. In what year was this program established? _____ | If "YES", the # of students in Michigan schools in 2022-23 : _____ |
| 2. Does this program place students in public schools? _____ | _____ |
| 3. Does this program place students in private schools? _____ | _____ |
| 4. Does this program place students on J-1 visas? _____ | _____ |
| 5. Does this program place students on F-1 visas? _____ | _____ |
| 6. Did this program apply to CSIET for listing in 2023-24 ? _____ | |

***NOTE:** The MHSAA's process is NOT a substitute or second chance for programs that could apply but do not, or that do apply but are not approved through the CSIET process.*

7. Is this program approved by CSIET for **2023-24**? _____

IF "YES", IT IS NOT NECESSARY TO COMPLETE THIS APPLICATION.

- | | | |
|---|-----------|------------|
| 8. Number of students on J-1 or F-1 visas who actually participated on varsity teams during 2022-23 , and how many others participated on subvarsity teams. | _____ | _____ |
| | VARSITY | SUBVARSITY |
| 9. Expectations for 2023-24 , that is, how many of previously enrolled J-1 or F-1 visa students will <u>remain</u> at your school (<u>MUST</u> be F-1 visa students) and the number of <u>NEW</u> J-1 & F-1 visa students you anticipate for 2023-24 . | _____ | _____ |
| | REMAINING | NEW |
