Executive Committee Authority and Responsibility – The Executive Committee reviewed its authority under Article VII of the MHSAA Constitution and specifically its responsibility to consider each application for waiver of an eligibility requirement on its individual merits, determining if the regulation serves the purpose for which it was intended in each case or if the regulation works an undue hardship on any student who is the subject of a request for waiver. (These underlying criteria may not be restated for every subject of these minutes.)

The Executive Committee was reminded that it was the responsibility of each member school involved to provide sufficient information about the specific request for the Executive Committee to reach a decision without further investigation. If information is incomplete, contradictory or otherwise unclear or has been received too late to be studied completely, the Executive Committee may deny the request for waiver or delay action. Such requests may be resubmitted to the Executive Committee with additional information at a subsequent meeting or appealed to the full Representative Council.

It is possible that some of the information presented as facts to the Executive Committee by school personnel and others may be inaccurate. However, to avoid constant repetition in this report of phrases such as “it was alleged” or “it was reported,” no attempt is made in the introduction of each waiver request to distinguish between truth, allegation, hearsay, opinion, summary or conclusion. If any information provided to the Executive Committee is inaccurate, any decision of the Executive Committee to grant waiver of a regulation shall be null and void.

The Executive Committee is not authorized to approve waiver based on alleged or actual differences between schools based on “environment,” demographics, curriculum or extracurricular offerings. A determination of undue hardship is a matter addressed to the discretion of the Executive Committee within the educational philosophy and secondary role of voluntary extracurricular competitive athletics in the academic environment. The Executive Committee will avoid making exceptions that would create precedent that effectively changes a rule without Representative Council action or local board of education adoption, which would exceed Executive Committee authority. The contract the MHSAA has with member schools obligates the MHSAA to not change rules during the school year.

Students for whom waiver of a particular regulation is approved must be eligible in all other respects under all sections and interpretations of the regulations prior to their participation.

Adoption of these regulations, as well as policies, procedures and schedules of MHSAA tournaments, is a choice schools make locally when they consider their option of MHSAA membership. Consistent with rulings of the Attorney General and Michigan Supreme Court, schools are not bound by the decisions of the Executive Committee, but the association may limit participation in the postseason tournaments it sponsors to those schools which choose to apply rules and penalties as promulgated by the MHSAA and adopted by each member school’s board of education. The MHSAA exercises no independent authority over schools or students.

Portage Central High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of an 11th-grade student who moved between divorced parents into his father’s residence in Vicksburg to begin the 2016-17 school year. The student attended Portage Schools for grades 7-10 and played the first football game for Portage Central in the fall of 2016 before moving to his father’s home in Vicksburg. Ann Arbor-Pioneer High School (Regulation II, Section 11) – Pursuant to Interpretation 241, a request to waive the four-player rule for the 2016-17 school year was made on behalf of a newly hired assistant boys and girls swim coach who would run an off-season swimming program through either the Ann Arbor Recreation and Education Department or through the Saline Swim Team (a non-school club team). His primary source of income is coaching non-school swimming. The program will be open to the general public and run from March-May. It is anticipated that 40-100 students ages 11-18 will participate from the Ann Arbor Public Schools and other surrounding districts. Approximately 15-20 of the participants will be current Pioneer students. This program will be an alternative to the more strenuous club swim schedules offered in the area, involve weight training and dry land conditioning, and not participate in swim competitions as many other club swim programs have done. The Executive Committee approved the request for waiver for another coach in this same program in the 2015-16 school year.

The Executive Committee approved the request for waiver for this coach for the 2016-17 school year.
Byron Center High School (Regulation II, Section 11[H]) – Pursuant to Interpretation 241, a request to waive the four-player rule for the 2017-18 school year was made on behalf of the head girls and boys swimming & diving coach who is employed as the aquatics director of the Byron Center Community Pool and also coaches the Byron Center Dawgs Swim Program. It is anticipated that the “BCD” program will have 250 participants ages 5-24, including students from several neighboring schools and districts: Grand Rapids-South Christian, Caledonia, Zeeland East and West, Holland, Holland Christian, East Kentwood, Jenison, Thornapple Kellogg, Otsego, Allegan, Grandville, Rockford, Wayland and Byron Center. It is estimated that 20 girls and 15 boys from Byron Center Schools in grades 7-12 will participate in the “BCD” program in 2017-18. This coach has been granted a waiver for employment while with Holland High School previously and with Byron Center for the past few years.

The Executive Committee approved the request for waiver for this coach for the 2017-18 school year.

MKO Middle School Athletic Conference (Regulation IV, Section 10) – A request was made to allow this league to begin middle school football practice five days earlier than allowed by the regulation on Wednesday, Aug. 16, 2017. Practice is permitted on the 14th Monday before Thanksgiving (Aug. 21, 2017). The early start date would allow schools the option to have three additional days of practice so they may scrimmage on the Wednesday or Thursday of the last week of August prior to Labor Day so as to have nine practice days prior to the scrimmage. It would also permit schools to not practice on the Friday or Monday of Labor Day. The MKO Conference offers four seasons of participation with winter sports beginning on Monday, Oct. 16, 2017, and this would permit some time off between fall and winter seasons.

In March 2016, the Representative Council did not approve a proposal from the Junior High/Middle School Committee to change the date for all schools but rather suggested schools or leagues with four seasons seek Executive Committee waiver of the current start date. The request was approved in this case.

Next Meetings – The next meetings of the Executive Committee are scheduled for Wednesday, April 26, 2017, at 8:30 am in East Lansing (Audit & Finance meeting follows); Sunday, May 7, 2017, at 10:30 am in Glen Arbor (Rep Council meets that afternoon); and Wednesday, June 14, 2017, at 9 am in East Lansing.
