Executive Committee Authority and Responsibility – The Executive Committee reviewed its authority under Article VII of the MHSAA Constitution and specifically its responsibility to consider each application for waiver of an eligibility requirement on its individual merits, determining if the regulation serves the purpose for which it was intended in each case or if the regulation works an undue hardship on any student who is the subject of a request for waiver. (These underlying criteria may not be restated for every subject of these minutes.)

The Executive Committee was reminded that it was the responsibility of each member school involved to provide sufficient information about the specific request for the Executive Committee to reach a decision without further investigation. If information is incomplete, contradictory or otherwise unclear or has been received too late to be studied completely, the Executive Committee may deny the request for waiver or delay action. Such requests may be resubmitted to the Executive Committee with additional information at a subsequent meeting or appealed to the full Representative Council.

It is possible that some of the information presented as facts to the Executive Committee by school personnel and others may be inaccurate. However, to avoid constant repetition in this report of phrases such as “it was alleged” or “it was reported,” no attempt is made in the introduction of each waiver request to distinguish between truth, allegation, hearsay, opinion, summary or conclusion. If any information provided to the Executive Committee is inaccurate, any decision of the Executive Committee to grant waiver of a regulation shall be null and void.

The Executive Committee is not authorized to approve waiver based on alleged or actual differences between schools based on “environment,” demographics, curriculum or extracurricular offerings. A determination of undue hardship is a matter addressed to the discretion of the Executive Committee within the educational philosophy and secondary role of voluntary extracurricular competitive athletics in the academic environment. The Executive Committee will avoid making exceptions that would create precedent that effectively changes a rule without Representative Council action or local board of education adoption, which would exceed Executive Committee authority. The contract the MHSAA has with member schools obligates the MHSAA to not change rules during the school year.

Students for whom waiver of a particular regulation is approved must be eligible in all other respects under all sections and interpretations of the regulations prior to their participation.

Adoption of these regulations, as well as policies, procedures and schedules of MHSAA tournaments, is a choice schools make locally when they consider their option of MHSAA membership. Consistent with rulings of the Attorney General and Michigan Supreme Court, schools are not bound by the decisions of the Executive Committee, but the association may limit participation in the postseason tournaments it sponsors to those schools which choose to apply rules and penalties as promulgated by the MHSAA and adopted by each member school’s board of education. The MHSAA exercises no independent authority over schools or students.

The student was absent for much of the 9th-grade year due to the illness and only received credit in three classes. For the 10th grade and first semester of the 11th grade, the student was mostly homebound and received credit in only six classes over three semesters as he was unable to complete his assigned work due to his condition. The student was able to return to school for the second semester of 2013-14 and passed six of seven classes. In 2014-15, the student resumed a full load of classes and is on track to graduate in May 2016. The student was hospitalized for ten days for this condition in January 2012 and continues under the care of two local hospitals and the Cleveland Clinic where he stayed for three weeks in January 2014. The student is eligible by age, turning 19 in November 2015, and has had two of four possible seasons of participation in baseball (2013-14 and 2014-15).

The Executive Committee approved the request for waiver.

St. Clair Shores-Lake Shore High School (Regulation I, Section 7) – A request to waive the previous academic credit record regulation was made on behalf of an 11th-grade student who suffered a concussion during a hockey game in February 2015 and whose doctor recommended in March 2015 a reduction of his course load in half. The student’s course load was reduced from five to three classes and he passed two of the three classes at the end of the third trimester in June 2015. The student was cleared from concussion symptoms in September 2015 and returned to a full-time course load to begin the 2015-16 school year.
The Executive Committee approved the request for waiver and stipulated that the term in question does count against the maximum number allowed under Regulation I, Sections 4 and 5.

**Bay City-John Glenn High School (Regulation I, Section 9)** – A request to waive the transfer regulation and specifically Interpretation 62 (public school of residence) was made on behalf of a 10th-grade student who made a full and complete residential change from California into the grandparents’ residence in the Bay City Public School District and enrolled to begin the 2015-16 school year at John Glenn. The student’s mother graduated from John Glenn which is closer to the student’s residence than a Bay City Public School. The student participated in athletics in California.

The Executive Committee approved the request for waiver.

**Bloomfield Hills-Marian High School (Regulation I, Section 9[D])** – A request to waive the transfer regulation to permit eligibility on the 91st school day of enrollment was made on behalf of a 10th-grade student who previously attended Birmingham-Seaholm, participated in athletics and enrolled at Marian on Oct. 19, 2015.

**Davison High School (Regulation I, Section 9)** – A request to waive the transfer regulation was made on behalf of a 10th-grade student who previously attended Flint-Kearsley and had conflicts with a teammate since the 8th grade. The student’s father had conflicts with another parent that resulted in a court appearance and dismissal. The student enrolled at Davison to begin the 2015-16 school year so as to be free of bullying and ill will from students and their parents.

The Executive Committee did not approve the request for waiver.

**Detroit-Cornerstone Academy for Health & Technology (Regulation I, Section 9[D])** – A request to waive the transfer regulation was made on behalf of a 11th-grade student who previously attended Southfield-Bradford Academy and participated in athletics. The father was hired by Cornerstone to begin the 2015-16 school year. The student attempted to remain at Bradford but as a result of the conflicts at his former school, the student enrolled at Cornerstone on Oct. 6, 2015.

**East Grand Rapids High School (Regulation I, Section 9)** – A request to waive the transfer regulation was made on behalf of a 12th-grade student whose parents divorced in August 2013 and whose mother has experienced financial hardship, causing the student to transfer from Grand Rapids-Catholic Central to the school of her residence in East Grand Rapids to begin the 2015-16 school year. The student attended East Grand Rapids as a 9th-grader and Catholic Central for the 10th and 11th grades from 2013 through 2015. The student was not eligible for the first half of the 10th grade at Catholic Central in 2013-14 as the home did not sell and the mother and student did not relocate as intended after the divorce. The student participated in athletics at Catholic Central for the second semester of 2013-14 and the 2014-15 school year.

The Executive Committee did not approve the request for waiver.
Grand Rapids-Ottawa Hills High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of an 11th-grade student who previously attended Grand Rapids Christian High School, working toward a certificate of completion. Preferring the learning environment and services at Ottawa Hills and being unable to continue to afford tuition, the student enrolled at Ottawa Hills to begin the 2015-16 school year. The student enrolled at Ottawa Hills in a self-contained vocational education classroom.

The Executive Committee did not approve the request for waiver.

The superintendent of Brandon has released the student to Holly. The student previously attended Milford High School and participated in athletics.

The Executive Committee approved the request for waiver.

Jenison High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 10th-grade student whose mother is incarcerated and whose father has not secured housing for the student. The student has been taken in by a family in Jenison with whom he lived for 3-4 months as a 6th-grader in the 2011-12 school year. The student attended Manistee High School for part of the 9th grade and participated in athletics. The student most recently attended Saranac, and enrolled at Jenison on Nov. 2, 2015. Over the summer of 2015, the family made a full and complete move from Texas to Lansing but into a home 1.3 miles closer to Lansing Catholic than to Lansing Christian. The student reenrolled at Lansing Christian, his former school but not the closest nonpublic school, to begin the 2015-16 school year. The school did not discover until Oct. 1, 2015 that the student’s father had remained in Texas to sell the former home. The student had participated in six cross country meets while ineligible, which the school has forfeited to opponents. The father returned to the family home in Lansing within the week to ensure a complete residential change. The student has not participated in a contest since Oct. 1, 2015.

The Executive Committee approved the request for waiver.

Marquette High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of a 12th-grade student who is a US citizen born in Italy and who has resided there with his parents most of his life. To begin the 2015-16 school year, the student moved in with an aunt and uncle who reside in the Marquette School District and enrolled at Marquette. The student has attended no other school in the US and the parents contend that international students who arrive on a visa receive immediate eligibility while a US citizen must wait nearly half a semester. The father intends to reside in Marquette when he retires in 3-4 years.

The Executive Committee did not approve the request for waiver.

Onsted High School (Regulation I, Section 9) – A request to waive the transfer regulation was made on behalf of an 11th-grade student who attended Onsted schools since the 2nd grade except for the last three months of the 2014-15 school year when the student moved with his family to Minnesota in March 2015 because the father’s employment changed in January 2015. The Executive Committee approved the request for waiver.

On Aug. 26, 2015, Valley Lutheran received an Executive Committee subvarsity waiver of Interpretation 74 for this student to play subvarsity football. The student attended classes for five days and played in a JV football game for Valley Lutheran. On Sept. 1, 2015, the student returned to Nouvel and practiced but did not participate in a contest. The student has now reenrolled at Valley Lutheran on Oct. 12, 2015.

The Executive Committee approved the request for waiver effective with this student’s 91st scheduled school day of enrollment at Valley Lutheran High School beginning Oct. 12, 2015.
Troy High School (Regulation I, Section 9(C)) – A request to waive the transfer regulation to permit eligibility in girls gymnastics only was made on behalf of an 11th-grade student who suffers from a disorder which necessitates online learning as opposed to in-school attendance. The student previously attended Auburn Hills-Avondale and participated in the gymnastics cooperative program with Troy-Athens in 2013-14 and Troy High School in 2014-15 and 2015-16. The student enrolled at Troy on Sept. 30, 2015, and will be considered a Troy High School student attending a non-traditional school of the district. Support from Avondale was submitted.
