High School Regulations

1. Regulation I, Section 3 – Electronic Signatures on Physical Exams & Parent/Student Consent – Electronic signatures are acceptable from the MD, DO, PA or NP who administered the physical examination and on the required Student/Parent Consent, provided they are affixed by the person who is required to sign the document and can be verified and stored (archived) for the recommended period.

2. Regulation I, Section 9 (Transfers) –

   Section 9(E) – The athletic-related (links) rule was revised: A residential change under Exception 1 does not grant immediate eligibility if a student follows his/her newly hired high school coach.

   Section 9(D) – The athletic-motivated transfer rule was changed to reflect a sport-specific penalty. The student would not be eligible in the sport played the previous school year. Previously, students confirmed to have made an athletic-motivated transfer were ineligible in all sports for 180 school days.

   The late transfer restriction (formerly Section 9(G) for students not enrolled prior to Oct. 1, Feb. 1 or May 1) was expanded to include students who transfer under Section 9(B), sport not previously played.

   Interpretations 61 and 62 dealing with residential changes were clarified to reflect the new sport-specific transfer rule:

   Transfer students who meet an exception or transfer and seek eligibility into district-wide schools of a multi-school district that also has geographical boundary schools will have eligibility in sports played previously only at the boundary school of their residence (Interpretation 61).

   Transfer students into nonpublic and charter schools who meet an exception or seek eligibility in a school other than the one closest to the new residence will have eligibility in sports played previously only at the closest school to their new residence or school of the same denomination as enrolled previously (Interpretation 62).

   Interpretation 84 – Eligibility of transfer students in Approved International Student Programs (AISP) was clarified as follows:

   (1) AISP students who “play one, wait one” and then change schools have eligibility under the sport-specific transfer rule based on the sports that student played in the “play one” year (ineligible in those sports played in that year, eligible in sports not played in the play-one year). (Interpretation 84c).
(2) All AISP students “play one, wait one,” then have full eligibility in subsequent years if there is no change of schools (Interpretation 84d).

(3) When an international student has been enrolled in any secondary school in the US whose program changes its status from non-AISP to AISP, that student will be ineligible at the varsity level for the duration of his or her tenure in any MHSAA member school. Subvarsity eligibility may be permitted after 90 scheduled school days in any sport. Section 9(B) does not apply to this student.

Interpretation 99 (New) clarifies eligibility under the new sport-specific transfer regulation for transfer students in sports played twice in a school year: For example, a girl who plays boys soccer in the fall and then transfers will be ineligible for both soccer seasons the following year.

3. **Regulation I, Section 11 – Amateur Status & Awards** – The amount for symbolic awards has been increased from $25 to $40.

4. **Regulation II, Section 6 – Out-of-State Travel Form Scrimmages** – Up to four scrimmages against MHSAA member schools are permitted in spring sports when a school completes an Out-of-State Travel Report. No more than four scrimmages are permitted under this allowance and games may not be converted to scrimmages played out of state in excess of the travel limit.

5. **Regulation II, Section 11(E & F) – Fall Sports Calendar Changes** - In boys soccer, cross country, tennis and golf, in years were there are 12 Saturdays in a season (short years: 2019, 2024 and 2025), practices may begin on the 16th Monday before Thanksgiving (Aug. 12, 2019) and the first contest may be held after three practices over four days (Friday, Aug. 16, 2019).

6. **Regulation II, Section 11(H) – Out-of-Season Coaching** – The following was added to Section 11(H) 2 a: “Note: School coaches who are also involved with coaching active Unified Special Olympic programs and have limited contact between coaches and students who are regular season participants are exempt from the four-player rule.”

The following was added to Section 11(H) 6: “Out of season, school sport coaches may only be involved in teaching sport content in these courses (sport curriculum classes) in a sport they coach for that school district if they are the staff member assigned to instruct this course on a regular basis throughout the semester or trimester.”

7. **Regulation V, Section 3(D) – Post-Contest Ejections** – The following was added to Section 3(D) 2: “3. When a student or coach commits an offense worthy of ejection and disqualification against an official following the conclusion of the contest but before the officials have left the facility and/or grounds, an official may disqualify the student or coach as though it had occurred during the contest. A coach or student who receives a post-contest disqualification shall be withheld from competition according to the policies of Section 3(D) 1-2. This does not apply to a situation when an official from an earlier contest remains at the facility as a spectator and encounters an offense by a student or coach at that later time.”
