

BASKETBALL SEMIFINALS & FINALS – STUDENT SECTION SEATING

Seating for BOTH the Girls AND Boys Basketball Semifinals/Finals is GENERAL ADMISSION. There is no longer any reserved seating. Competing schools, however, will each have 200 lower bowl bleacher seats reserved for their student section.

Game 1: Student section will be directly BEHIND their team bench

Home Team Aisles 109 & 106 | Visiting Team Aisles 110 & 113

Game 2: Student section will be directly ACROSS from their team bench

Home Team Aisles 128 & 131 | Visiting Team Aisles 127 & 124

WRISTBAND REQUIRED

- Schools advancing to the Semifinal or Final will receive 200 color-coded wristbands in their Qualifier packet.
- The color-coded wristband is required to sit in the designated bleacher section RESERVED for the competing school student sections.
- Following Game 1 of the session, Game 2 spectators can fill in seats vacated by the Game 1 student section.
- The color-coded wristband will be required in the Game 2 student section during BOTH Game 1 and Game 2 of the session.
- Signage indicating the designated student section and the corresponding wristband color will be posted.
- Competing school administrations must have a plan to distribute student section wristbands prior to arriving at the Breslin Center. Breslin Center and MHSAA staff will not be involved in distribution.
- Schools advancing to the Finals will be given a second set of wristbands before leaving the Breslin Center on Thursday/Friday. Finals wristbands are a different color than the Semifinals.

TICKETS ALSO NEEDED

- **IMPORTANT NOTE: The wristband is NOT A TICKET. All students will need to purchase a ticket through the MSU Ticket Office**, either [online](#) or at the box office. Again, this wristband does NOT allow them admission into the arena – it will only allow them access to the student section once in the arena. ALL STUDENTS STILL NEED TO PURCHASE A TICKET.
- All tickets are \$14 – \$12 ticket plus \$2 MSU ticket office fee

ADDITIONAL NOTES

- School administration and chaperones are expected to work with Breslin Center staff and ushers to ensure the students get to the appropriate sections, and the designated sections are not over capacity.
- There will be GENERAL ADMISSION seating directly adjacent to the student section if you have more than 200 students, but these are GENERAL ADMISSION. If the section is full, the section is full.
- Wristbands may be used for parents. We do not recommend this – this section is intended for STANDING students. However, anyone you want in your 200-seat designated competing school section may be given a wristband, but everyone in the reserved section for your game needs a wristband.
- All other seating outside of the 200-seat reserved competing school section is GENERAL ADMISSION – first come, first served.
- **Is your school bringing a performing pep band? Is your school bringing a cheer team? We need to know this information IMMEDIATELY. Send this information to will@mhsaa.com.**
