MHSAA 2027 Boys & Girls Bowling Regional Tournament Manager Manual

ADMISSION – Spectator admission for MHSAA Regional tournaments will be \$7 per person both days. Spectator admission at the MHSAA Finals will be \$11 each day. Digital tickets will be sold via GoFan.

Passes – League passes, coaches' passes, local booster club passes, officials' association passes, etc., are not to be honored at any tournament. There are no passes to be honored except those distributed by the local management for supervision purposes. Managers are urged to issue complimentary admissions for visiting school administrators for the purpose of crowd supervision.

AED – MHSAA tournament host sites must have an AED within visible distance (within 1-3 minutes) of the event.

ALCOHOL/TOBACCO – Alcohol may not be sold to or consumed by spectators during MHSAA Tournament competition. Use of alcohol or tobacco, including e-cigarettes or other smoking devices, is prohibited at MHSAA tournament events by players, coaches and spectators. Managers should stress in coaches' meetings that they are not to use tobacco at the tournament venue.

BALL CLEANING – Players may not alter the surface of the ball with abrasives or apply cleaner after competition begins. Cleaning or polishing a ball is allowed with a dry (no pre-soaked products) cloth. Using rosin for grip is allowed, but the ball must be wiped clear.

BOWLING BALL LIMITS – Participants shall be limited to a maximum of six (6) bowling balls in the bowling center, with no more than two (2) balls in the active bowlers' area at any time.

Additional bowling balls must be stored in a location designated or approved by tournament management. Depending on the facility, these locations may include designated equipment storage areas, unused lanes, or other areas that do not interfere with competition or pedestrian traffic. Bowling balls may not be stored in spectator areas.

Only bowlers and coaches may retrieve or exchange bowling balls from designated storage locations during competition. Spectators, including parents, may not retrieve, deliver, or exchange bowling balls for participants.

All bowling balls must be brought into the bowling center prior to the start of competition. Once competition begins, no individual, including bowlers, coaches, parents, or spectators, may leave the bowling center to retrieve, exchange, or bring in additional bowling balls.

Equipment changes will be allowed during competition – i.e., Bowlers and coaches may exchange balls between the active bowlers' area and designated storage locations during competition, provided the participant remains within the six-ball limit.

Bowling balls must be on the [USBC approved ball list](#) to be used in MHSAA competition.

NOTE: Regarding the rules on urethane balls which are to begin January 1, 2026 – as was the case in 2022 when previously certified balls were prohibited from use in USBC national events, if balls not meeting the new standard are removed from the USBC Approved Ball List, they would be illegal for MHSAA competition. If they remain on the list, they will continue to be legal for both MHSAA regular season and postseason play.

COACHING RESTRICTIONS – A maximum of two school coaches per gender will be allowed in the bowler's area during competition. Coaches are not allowed on the approaches during competition. If a team has two coaches in the bowler's area, only one coach may stand at any given time, while the other must remain seated. Any additional coaches beyond the allowed two must stay in the spectator area.

Coaching and instruction are allowed between frames. Mid-frame advice from the coach is allowed, but all communication must stop once the ball thrown appears on the ball return. Coaches must ensure that any coaching, instruction, or behavior does not slow the pace of play.

A violation of the coaching restrictions will result in a warning issued by the tournament manager. A violation after a warning will result in loss of coaching privileges.

CELL PHONES/ELECTRONIC DEVICES – Bowlers are prohibited from playing music with or without headphones, using cell phones, or electronic devices that would assist a bowler in receiving outside coaching or instruction at any time during the competition, including during warm-ups, in the competition area. Bowlers who violate these electronics guidelines will receive a warning to discontinue use. Continued violations following this warning may result in disqualification from the competition.

Coaches are allowed to have electronic devices, but their use should be limited. Electronic devices such as iPads, tablets, or smartphones may be used to track stats. Coaches may not record and play video in the competition area for coaching purposes. Any electronic devices being used to record and play video must be used outside of the competition area.

COMPETITION AREA – Only bowlers who are in the lineup and actively competing are permitted in the bowlers seating area. Substitute bowlers should remain in a nearby area, ready to enter competition promptly when needed. Large backpacks and bags are not allowed in the bowlers' area during competition. Each bowler is permitted one small bag (e.g., drawstring/cinch bag) to transport and store bowling equipment in the bowlers' area. Exceptions will be made for bags containing medical supplies. Coaches are allowed to have backpacks/bags in the competition area during competition.

DELAY, STALLING, PACE OF PLAY – Bowlers should be standing and ready to bowl when the preceding bowler is completing his/her frame. Intentional stalling or undue delay is considered unsportsmanlike. Bowlers should be warned about such conduct and may be penalized if there are repeated violations.

ENTRY MATERIALS – Participating schools must submit a Master Eligibility List and roster form to the tournament manager by **January 23, 2027** or be subject to the \$50 late entry fee. Please get materials into the Regional manager on time.

FOUL LIGHTS – Automated foul-detecting systems will be turned on during MHSAA postseason tournament competition. IMPORTANT NOTE: activation of the foul light is not automatically a foul – the foul-detecting system is there to assist in bringing awareness to fouls. A foul occurs when a part of the player's body encroaches on or goes beyond the foul line AND touches any part of the lane, equipment or building during a delivery.

Regular bowling rules apply for obvious foul line infractions; if a bowler clearly fouls, the player is not credited with any pins knocked down by that delivery.

If foul light is triggered, and it is obvious that the bowler did not foul, the delivery will stand and the tournament manager will be notified that there is a potential issue with the foul-detecting system.

If there is a dispute as to whether or not a foul has occurred, the delivery in question will stand, the tournament manager be notified, and the tournament manager will issue a warning. After the warning issued by the tournament manager, any subsequent foul will be a zero for that delivery.

Prior to any warning issued, the coaches are expected to work together with the tournament manager to determine if the foul-detecting system is working correctly. If there is an issue and it is determined that the foul-detecting system is not functioning correctly, the system will be turned off for the entire house for the remainder of that day's competition, and bowlers will use the honor system.

The decision to turn off the foul-detecting system will be made by the tournament manager in conjunction with the bowling center, and that determination may be made prior to the start of competition.

If the foul-detecting system is turned off during competition, bowlers will use the honor system regarding suspected foul line infractions. In the event of a dispute, the first suspected foul will result in the Tournament Manager issuing a warning to the bowler, with a subsequent foul being a zero for that delivery.

USBC Rule 5 – Fouls: *A ball remains in play after delivery until the same or another player is on the approach in position to make a succeeding delivery*

INJUNCTION/RESTRAINING ORDER POLICY – If an injunction or restraining order is served or presented at an MHSAA tournament site and such purports to require the eligibility of or participation by a student or team which a school and/or the MHSAA has ruled to be ineligible under MHSAA regulations, the on-site tournament manager is to suspend the entire competition (team competition) or events in which that student is intending to participate (individual competition). If the meet has begun, it shall be completed.

INTERNET STREAMING – Teams participating in MHSAA Tournaments are prohibited from streaming live video of any portion of an event over the Internet – including using social media

platforms like YouTube and Facebook – or any other method. Likewise, individual spectators are also prohibited from streaming video through any means during the MHSAA tournament. Consult the [Media/Streaming Information PDF](#) for complete information.

LANE ASSIGNMENTS – For singles competition, bowlers will be assigned lanes by tournament management with no school having two bowlers on the same pair but spaced as close as possible with no more than 6 bowlers on a pair. The number of lanes available in the host bowling center and the size of the field will determine exact assignments. A maximum of 6 bowlers on a pair should be the goal of lane assignments.

LANE ROTATION – In singles, each group rotates one pair right after each game. In the team event, teams bowl a Baker set (two games) on one pair, rotating one pair for the next Baker set. Lane rotation will be determined by tournament managers across the lane block.

LANE ROTATION AT FINALS ONLY – In singles, each group rotates one pair right after each game. In the team event, teams bowl a Baker set (two games) on one pair, rotating one pair for the next Baker set. Lane rotation will be determined by tournament managers across the lane block.

LATE ARRIVALS – Teams and/or individuals who do not arrive for the scheduled start time will receive a score of zero for each frame missed. Managers may delay the start of an event for legitimate travel problems (weather, accident) if contacted in advance by the school or coach.

LOCKER ROOM PRIVACY POLICY

Using devices of any kind to capture or transmit images is strictly prohibited in locker rooms, dressing areas, training rooms, weigh-in rooms, showers, restrooms, or other areas where there is an expectation of privacy during MHSAA tournament events.
