# 2026 MHSAA ICE HOCKEY FINALS

**March 5-7**

## Welcome

**W**elcome to the MHSAA Championships! This is a classroom like no other, and now is the time for the final exam. Like the academic classroom, some have had good fortune and smooth sailing along the way in getting here while others have overcome adversity during the season. Even today, a good bounce or a bad bounce will occur.

Your athletic skills are put to the test, but more importantly, your discipline will be challenged, as well. The knack for making the right move at the right moment is often the difference between winning and coming up just short.

Discipline also means testing your self-control and people skills. To embrace our diverse opponents as equals, and to employ common decency – every – single – moment. Win or lose.

That's the beauty of educational athletics. The takeaways today are not the trophies and medals, but the life lessons learned and applied over years of sports.

Last year, the MHSAA celebrated its 100th year. As we begin the second century of school sports in Michigan, let's remember and be thankful for the efforts of all those who have made this Final tournament experience so special.

Congratulations for reaching the end of the tournament road. Good luck to all!

— **Mark Uyl**

# UNLIKELY OT HERO NETS POWERS TITLE

**E**than Haley's hockey season for Flint Powers Catholic could have ended late last January when he suffered a broken ankle.

"I thought I was going to miss more time than I did," Haley said. "The doctor cleared me sooner, so it was very exciting to get back playing with everyone and going to practice every day."

After missing only four games and a little more than two weeks, Haley rejoined the Chargers late in the regular season, putting him in a position to score one of the biggest goals in school history.

Haley's shot from the right point 1 minute and 53 seconds into overtime gave Powers a 3-2 victory over Livonia Stevenson in the 2025 MHSAA Division 2 championship game at USA Hockey Arena.

It wasn't a particularly hard shot, but the Chargers got traffic in front of the net, making it difficult for Stevenson's goalie to track the puck.

"Before that, Coach said to get pucks on net, get pucks out of our zone, which we did," Haley said. "I saw a guy on Cooky (Ayden Cook). He slid it down and passed it to me. I just shot it. I thank Parker (Bendall) for screening the goalie. He couldn't see it."

Haley, a sophomore defenseman, goes down in history as one of the more unlikely heroes to score an overtime winner in an MHSAA championship game.

It was his fourth goal in 22 games this season and the second in his last 19 games. He scored twice in the first three games.

"My role is definitely an energy guy, I would say," Haley said.

The championship was the second for Powers over the last three seasons. The Chargers were perhaps the top program in Michigan not to win an MHSAA title until breaking through two years ago in their eighth appearance in a championship game.

Powers finally broke through that time when Mason Czarniecki scored on a breakaway with 4.6 seconds left in the third period, giving the Chargers a 3-2 victory over East Grand Rapids.

"It's a lot different this time around," Powers coach Travis Perry said. "The first time, it'd been 50 years of frustration, anger. I'd been coaching 17 years, and we lost a couple down here. That was really a monkey off our back. This one really solidifies our program. The biggest thing I told the guys is probably five years ago we came down here looking to compete, not just hoping to compete."

The Chargers had only three holdovers from the team that was a Division 3 champion two years earlier in seniors Andrew Parmentier, Brody Neelands and Andrew Burny. As sophomores, they learned how to win on a team that had 11 seniors and eight juniors.

"It feels like a dream," Burny said. "We came here and made history twice. I wouldn't have rather done it with any other group of guys."

The Chargers finished with a 25-4 record and were ranked No. 1 in Division 2, but had to battle from behind in many of their games. The victory over Stevenson was their second in overtime during the playoffs, the other a 5-4 decision over Marquette in the Quarterfinals.

So, there was no panic when goals by Colin Stroble and Riley Rorabacher gave Stevenson a 2-1 lead with 12:53 left in the second period after Powers had taken an early 1-0 lead on a goal by Jack Johnson. There was no panic when Stevenson tilted the ice for most of the second, dominating puck possession.

Cook put Powers in a position to win in overtime when he tied the game with his 40th goal of the season with 6:45 remaining in regulation.

Stevenson (18-9-2) made a run to its first championship game since 2016 by winning its final five regular-season games, then four more in the playoffs. The Spartans lost four straight games prior to their winning streak, allowing 19 goals during that stretch.

Coach David Mitchell met with his four captains in early February, and they responded by leading Stevenson's late-season charge.

"We've all had our ups and downs, me included," Stevenson senior forward Owen Hall said. "I just watched everyone on the team grow into the fine person they are today. I watched everyone grow on the team, even our coaching staff. It was successful, because we've grown so much over time. I couldn't be more proud."

For veteran Stevenson coach David Mitchell, it was gratifying to get the program back on the biggest stage. The Spartans made three Finals in four seasons from 2013-16, winning the 2013 Division 2 title.

## SHAMROCKS GET HISTORIC NO. 6

There's no place Brandon Kaleniecki would rather make history as a coach than at the place he helped make history as a player.

Kaleniecki played two seasons at Detroit Catholic Central during its run of five consecutive MHSAA hockey championships from 1999 to 2003.

That was the record for most consecutive MHSAA hockey championships until now.

The Shamrocks broke the record they shared with their predecessors from more than two decades ago, winning a sixth title in a row with a 4-1 victory over Howell in the 2025 Division 1 championship game at USA Hockey Arena.

"It's fun as a player, because you're part of it in such a different way," Kaleniecki said. "Perhaps it's more fun as a coach, because you get to sit back and kind of watch them enjoy it more. For a lot of guys, it might be their last years playing hockey. You just want them to go out with this experience, the same experience I was fortunate to have.

"I think that's what makes it special for me. It's a different group in that run every year. I can look back and go, 'It was that senior class or this senior class.' That's what makes it fun for me."

Kaleniecki has won seven MHSAA championships in 10 seasons as the Shamrocks' coach. From 2010-16, Catholic Central won four Division 1 titles in seven years under four head coaches.

And each championship is special in its own way for Kaleniecki, because every season brings different challenges and a different set of players.

For example, senior Joe Bedells won this championship as the starting goalie after being the backup in 2024 when he split the starts during the regular season before then-senior Mathieu Chernauckas took the reins for the playoff run.

Bedells allowed only three goals in five postseason games over the last 15 days.

"Last year, I backed up for Mathieu Chernauckas," Bedells said. "He was an excellent goalie. He rightfully had that starting position. It absolutely drove me to be the best I can for this team and for myself to help win the state championship."

The Shamrocks took a 2-0 lead on goals by Matthew Naida at 5:25 of the first period and Elian Szerlip at 5:07 of the second.

The Highlanders got back to within a goal when Bryce Eskola backhanded the puck toward the net from the right boards and it went in off the stick of a CC player at 6:56 of the second.

Catholic Central (28-2) re-established its two-goal lead when Peter Sanin scored with 5:06 remaining in the second period.

The celebration was on once defenseman Ryan Dye scored into an empty net with 50.2 seconds left in the game. It was Dye who scored the biggest goal during the playoff run, an overtime goal in a 2-1 victory over second-ranked Hartland in the Regional championship game.

## EAGLETS SOAR BACK TO HOCKEY PROMINENCE

Orchard Lake St. Mary's never really went away. Yes, it had been 17 years since the Eaglets won their last MHSAA hockey championship, but they've always been a factor.

Whether it was running into Division 1 powers Brighton and Detroit Catholic Central when St. Mary's played in the biggest-school division in the MHSAA Tournament, losing in overtime twice in Regional Finals or getting shut out in two championship game appearances, and even forfeiting due to COVID policies in 2021, the Eaglets had some great teams come up just short in the postseason.

A program that won three MHSAA Finals in four seasons from 2005-08 finally put it all together again for five tournament games, winning the 2025 Division 3 championship with a 3-0 victory over 2024 champion Bloomfield Hills Cranbrook Kingswood at USA Hockey Arena.

"It's hard," said Brian Klanow, who has won 404 games as St. Mary's coach over 26 seasons. "You've got to go through Regionals, and you certainly have to be on your game. Our team is playing its best hockey of the season right now."

The last time St. Mary's won a Finals championship was in a game that has now taken on mythical proportions. The Eaglets and Marquette played eight overtimes in the 2008 Division 1 Final tied 1-1 before the game was called and co-champions were declared out of concern for player safety.

St. Mary's senior goalie Will Keane has been trying for three seasons to bring a championship back to a school with a strong hockey tradition. He stopped all 26 shots he faced to backstop the victory.

Keane split the goaltending duties nearly 50/50 throughout the regular season, partially because he missed time in late December with an injury. But St. Mary's rode him for all five playoff games and he delivered, allowing only four goals for a 0.80 goals-against-average and .968 save percentage.

Cranbrook Kingswood swept the two-game season series with St. Mary's, winning 4-3 and 6-2. But the Eaglets locked it down defensively this time and did something they were unable to do in the previous meetings — get an early lead.

Emmett Pilch scored 5 minutes and 20 seconds into the game. St. Mary's nursed that one-goal lead for more than 27 minutes until Matthew Mourad gave the Eaglets a 2-0 lead with 1:14 left in the second.

Jacob Fedor scored into an empty net from a faceoff circle in St. Mary's end with 2:53 remaining to seal the victory and deprive the Cranes of back-to-back titles.

# Growing is the Purpose: Education First

**H**igh school sports is experiencing record participation. It is also experiencing unprecedented pressure.

Across the country, young athletes are training earlier, competing year-round and navigating expectations shaped by a rapidly expanding youth sports economy. For many families, athletics now feel like increasingly high stakes.

High school sports operate differently—by design. They exist within schools, alongside classrooms, guided by the same educational mission. Participation is structured to support academic success and to teach intangibles like discipline, teamwork, resilience and responsibility. Rules around eligibility, seasons and competition are not barriers to ambition; they are safeguards for students.

As expectations around winning and advancement continue to rise, the NFHS believes it is worth reaffirming the role that high school athletics play in education—and why that purpose matters.

Every high school athlete is a student first, and we see high school sports as a vital extension of the classroom. In “the last class of the day,” student-athletes develop character and integrity and learn life lessons they will carry with them long after their playing days are over.

Today’s high school student-athletes will be tomorrow’s leaders. So, while the goal of playing high school sports is to win, the true purpose is much greater—for students to learn and grow as people.

How? By keeping high school sports educational, competitively balanced and accessible for all students. Why? To ensure high school sports develop the whole person, not just the athlete.

Last summer, the New York Times published an article stating youth sports is now a \$40 billion industry. Private lessons, club sports, travel teams and elite competitions are costly and wildly popular.

For many student-athletes, their sports experience is focused on becoming an elite athlete and landing a college scholarship.

**But according to the NCAA, of the 8.2 million high school student-athletes in the United States (an all-time record), only 7% go on to play in college, and only 2% earn any type of scholarship.**

Further, data from College Board’s “Trends in College Pricing and Student Aid 2025” report shows that **the total published cost of attendance (tuition, fees, room and**

**board) at four-year colleges now averages roughly \$31,000 per year in-state and more than \$50,000 per year out-of-state—underscoring why families feel intense pressure to secure athletic scholarships.**

That’s why the purpose of high school sports must be so much more than winning, earning trophies or advancing to the next level.

Only a select few go on to play in college and even fewer get scholarships. But nearly all student-athletes benefit from participating in high school sports. They experience personal growth. They learn leadership skills. They build community and more. When athletics are education-based, students’ long-term development and well-being remain the top priority above all else.

With the guiding principle of students first, the NFHS and state high school associations across the country are committed to preserving the integrity, opportunity and educational alignment of high school sports for all student-athletes.

The purpose of high school sports—helping students learn and grow as people—is what we are here to protect and preserve for generations to come. And it is our honor to do so.

# Scholar-Athlete Class of 2026

The Michigan High School Athletic Association/Farm Bureau Insurance Scholar-Athlete Award has been recognizing the top student-athletes for 37 years. Applicants for the Scholar-Athlete Award must meet the following criteria: A minimum cumulative grade-point average of 3.5 on a 4.0 scale; and must have previously won a varsity letter. Applicants also show involvement in other school and community activities; submit two letters of recommendation and a 500-word essay on the importance of sportsmanship in educational athletics.

Recipients of the 2025-26 Scholar-Athlete Award receive a \$2,000 college scholarship to be used at the college, university, or trade school of their choice during the 2026-27 school year. This year, a total of 1,438 applications from 426 schools were received for 32 scholarships. Class A students were guaranteed 12 winners, Class B eight winners, Class C six winners and Class D four winners. Two at-large winners were also selected.

All scholarship recipients will be honored during the MHSAA Boys Basketball Finals at the Breslin Center in East Lansing this March.

# Student Advisory Council Aids MHSAA

**E**ight student-athletes who are juniors at their schools during the 2025-26 academic year are serving two-year terms on the Michigan High School Athletic Association's Student Advisory Council.

The Student Advisory Council is a 16-member group which provides feedback on issues impacting educational athletics from a student's perspective, and also is involved in the operation of MHSAA championship events and other programming. Members of the Student Advisory Council serve for two years, beginning as juniors. Eight new members are selected annually to serve on the SAC, with nominations made by MHSAA member schools. The incoming juniors will join the group of eight seniors-to-be appointed a year ago.

Selected to begin serving on the Student Advisory Council in 2025-26 are: **Nichole James**, Detroit Edison; **Mia McGregor**, Mio; **Camryn Siegers**, Holland Christian; **Lucy Weber**, Fenton; **Brody Hammer**, Middleville Thornapple-Kellogg; **Sam Bentley**, Ypsilanti Lincoln; **Mason Mireles**, Hartford; and **Joey Smokevitch**, Johannesburg-Lewiston.

Those eight new members were selected from 125 applicants, the second largest group of applicants in the 20 years of the council. The first Student Advisory Council was formed for the 2006-07 school year. With the addition of this class beginning this summer, members will have represented 148 schools from 53 leagues plus independent schools that do not play in a league. Combined, the new appointees have participated in 11 MHSAA sports, and six will be the first SAC members from their respective schools.

The Student Advisory Council generally meets eight times each school year, and once more for a 24-hour leadership camp. In addition to assisting in the promotion of the educational value of interscholastic athletics, the Council discusses issues dealing with the 4 S's of educational athletics: scholarship, sportsmanship, safety (including health and nutrition) and the sensible scope of athletic programs. There also is a fifth S discussed by the group – student leadership.

This school year, the Council handed out championship trophies at Finals events, led

## Student Advisory Council Belief Statement

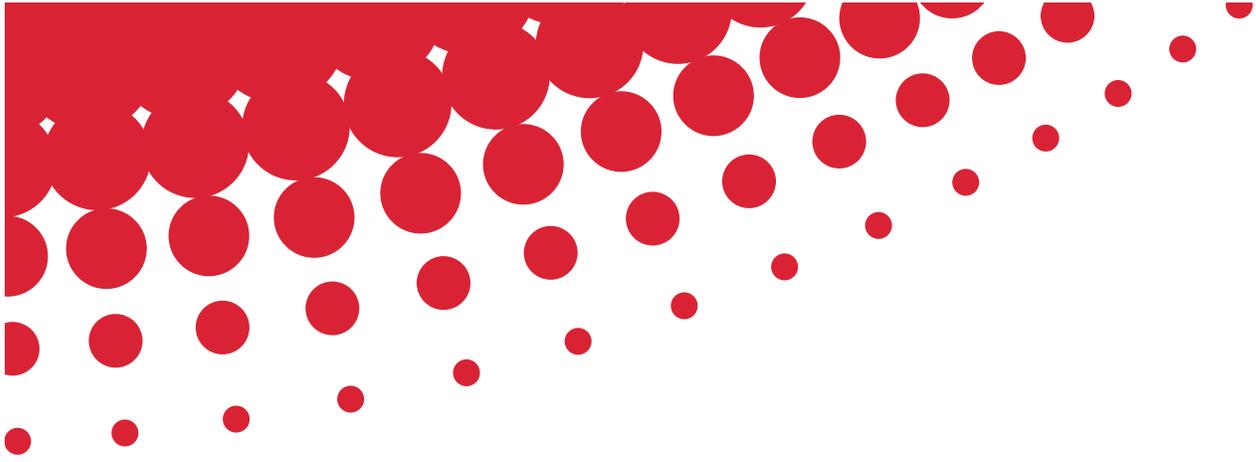

As the voice of Michigan's student-athletes, the Student Advisory Council's role is to convey the message of how high school sports are supposed to be played. We are responsible for helping the MHSAA maintain a positive and healthy atmosphere in which interscholastic athletes can thrive.

We believe athletes should be competitive, sportsmanlike and excel academically. We believe students in the stands should have fun, but not take the focus away from the game. We believe coaches should act as teachers, helping student-athletes develop while still keeping high school sports in perspective. We believe that parents should always be positive role models and be supportive of their child's decisions. We believe officials commit their own time to high school sports and respect should always be shown and given to them.

The most important goal for student-athletes is to enjoy high school sports while keeping a high level of respect between all those involved in the games.

sessions during four Sportsmanship Summits, provided feedback to the MHSAA Representative Council on proposed rule changes, worked on a mental health initiative, and wrote the script for a public service announcement on adult spectator sportsmanship that was included in broadcasts throughout the last school year.

The new additions to the SAC will join the Class of 2026 members who were selected a year ago: **Itzel Albarran**, Bronson; **Harper Barnhart**, Brownstown Woodhaven; **Diamond Cook**, Southfield Christian; **Henry Ewles**, Pontiac Notre Dame Prep; **Cole Haist**, Big Rapids; **Frannie Keeley**, Jenison; **Trey LaValley**, Romeo; and **Ethan Stine**, Bridgman.

# MHSAA Representative Council

The Representative Council of the Michigan High School Athletic Association is the body assembled to carry out the wishes of member schools. The Council meets several times annually to discuss and pass legislation concerning interscholastic athletics in Michigan.

The Representative Council is made up of 19 members, with all but five elected by a vote of MHSAA-member schools to represent different geographic regions, different sizes of schools, non-public schools, and junior and middle schools. Two members are elected to statewide at-large positions. Four members are appointed by the Council to facilitate representation of females and minorities, and the 19th position is occupied by the Superintendent of Public Instruction or his/her designee.

The officers and two other representatives form the MHSAA's Executive Committee, which meets on a monthly basis during the school year to review eligibility appeals and other current business.

# FINALS NOTES

## Your Officials Today

Just as the participants on the teams at this year's Finals are realizing a dream of vying for top honors, another group of individuals are also reaching a goal for the hard work they have put in by being assigned to officiate the action.

## Behind the Scenes

The hallmark of a strong association is its ability to work together for the common good. Every year, nearly 10,000 game officials and 50,000-plus administrators and coaches

at over 1,300 middle, junior and senior high schools voluntarily pool their efforts daily for the operations of the MHSAA's competitive extracurricular interscholastic athletic program.

An important responsibility of membership in the MHSAA is the operation of hundreds of District, Regional and Final level tournaments by school administrators who serve as the site managers for these games.

The behind the scenes work of these individuals and their staffs make the tournament competition a memorable experience for the participants.

The MHSAA would like to thank our tournament hosts for the 2026 Ice Hockey Finals. Tournament Manager is **Don Watchowski** of Novi High School, and **Barb McDougall** and **Ashley Karinen** of his staff.

The Livonia Ice Hockey Officials Association and Northeast Hockey Referees Association are hosting on-ice officials and participating teams. **Jim Gaglead**, **Dan DiCristofaro** and **Jim Garofalo** are coordinating off-ice officials / on ice official evaluations. The USA Hockey Arena administrative team is headed by **Mike Henry**, **Josh McAfee** and **Tony Noble**. Handling the public address duties and live statistical summaries are **Andrew Knapik** of Southgate; **Shawn Parker** of Trenton; **Mark Revesz** of Trenton, and **Paul Sincock** of Plymouth.

Video replay is being coordinated by **Bob Hayden**.

**Alissa Kern** is the onsite athletic trainer representing Plymouth Physical Therapy Specialists.

Coordinating the Finals from the MHSAA office are Assistant Director **Cody Inglis** and staff members **Cole Malatinsky** and **Rob Kaminski**.
